WARNING

Pay attention to the wind conditions while riding, crosswind can easily affect handling and changes riding direction.

Always check the wheel clearance before riding.

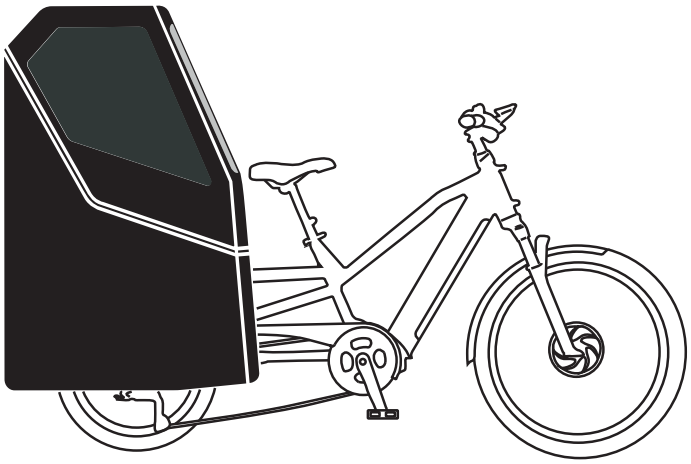

WARNING

Do not exceed a tightening torque of 5N.m.

Do not tighten beyond what is necessary to block the sliding of the frame.

ATTENTION

Soyez vigilant à la résistance au vent du produit en roulant, le vent de travers peut causer des changements de direction dangereux. Assurez-vous également d'avoir les roues dégagées avant de rouler.

ATTENTION

Ne pas dépasser un couple de serrage de 5N.m.

Ne pas serrer au delà du nécessaire pour bloquer le glissement du cadre.
